## Founders Message

Innovation, bold Experimentation and the high quality of it's products have placed DEELU MOULDS in the front lines of mould manufacturing in INDIA & REST OF THE WORLD.

We Believe in long-term partnerships. Our Philosophy of partnership is at the core of each of our client relationships. As your partner, our motivation, above all is to provide the very best service and the very best product, at the very best price. We think and act quickly, with imagination and precision, and with absolute commitment to the success of our client's business.

Our emphasis on quality is with customers requirement; starts with the selection of raw material, the most advanced equipment, the best available expertise, stringent, inspection procedures and culminates with careful packaging.

Exhaustive market research and a consumer response service have helped us find our niche market early and expand it rapidly.

Best regards,

Yesudas L. Fernandes

## Vision

To Provide High Quality & Economically Priced Moulds & Machinery;  
To Manufacture Next Generation Diversified High Quality & Global Standard Products, At Competitive & Affordable Prices.

## Quality Policy

We are committed to supply effective and consistent high quality molds & relevant products to our customers on time, every time, whose performance and values enhances satisfaction of our customers."

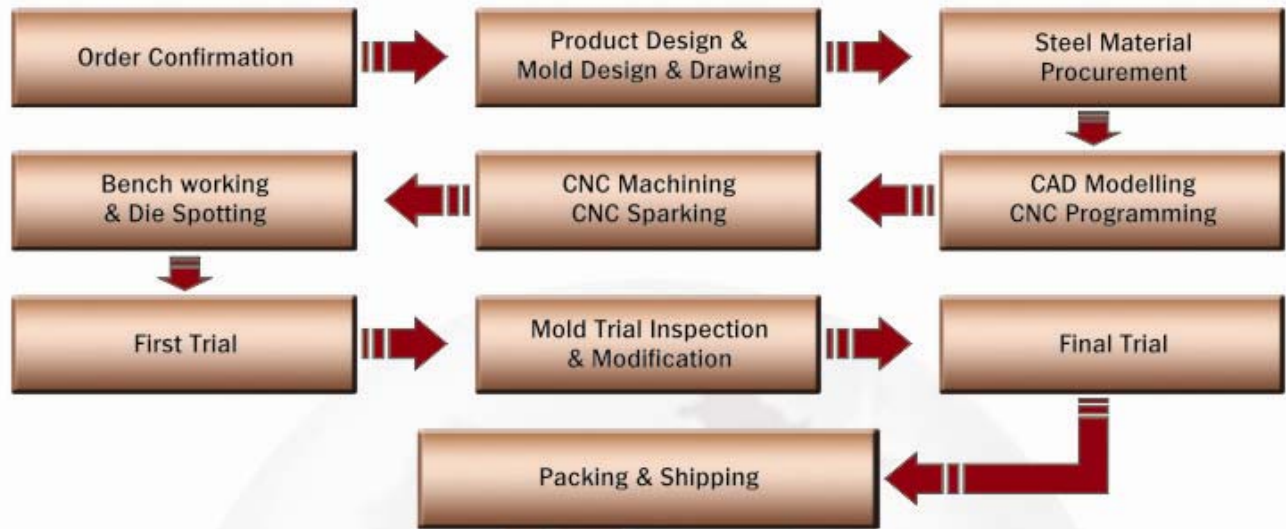

Quality is essential to the success of business. To make a difference, good quality practice has been embraced by us and instilled within the organization's culture. Our organization has quality inbuilt in every phase of manufacture. The Company's Quality assurance measures stand on the foundation of a solid belief- that quality begins and ends with the customer. This Commitment forms the backbone of its approach towards Quality Assurance and enables us to achieve, sustain and improve Quality Economically.

Realizing the importance of quality in this Specialised industry, we have established an in-house Quality Control Division with well equipped testing machines manned by qualified and dedicated technical staff, on par with world class standard.

We are always working towards :

1. Delivery in time by adhering to customer schedules.
2. Continuous enhancement in performance & value of our products.
3. Continuous improvement in process & system by involving employees.

## TURNKEY PROJECTS

We provide business solutions; setup new projects & provide after sales service to maximise Customer Satisfaction. We work with you from sourcing, importing, installing & assistance in commissioning of machine, moulds & entire project on turnkey basis.

## OUR PRODUCTS

### The Wide Range of Moulds :-

- House Hold
- Oil & Paint Container
- Crate & Pallets
- Furniture
- Thermo ware
- Pet Preforms & Stretch Blow Moulds

### Our Speciality Products :-

- Injection & Blow Moulds For All Kinds Of Products.
- Injection Moulding , Blow Moulding & Pet Blow Moulding Machine.
- Re-Process Raw Material.
- Colour Pigments & Masterbatches.
- Filler Compounds.

## RAW MATERIAL SUPPORT

- We also export various type of Re-Process raw material like :-
- PP (Injection Grade), HDPE (Injection Grade & Blow Grade), LDPE & LLDPE (Injection Grade, Film Grade & Tape Grade) in White & natural colours.
- We also export fillers & plastic compound suitable for chair / cable / pipe / woven sack.
- We also supply colour pigments & masterbatches as per customer requirement & specification
